

**TRUE NORTH COMMERCIAL
REAL ESTATE INVESTMENT TRUST**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
OF CONSOLIDATED FINANCIAL RESULTS**

FOR THE THREE MONTHS ENDED MARCH 31, 2015

May 8, 2015

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following Management's Discussion and Analysis ("MD&A") of the consolidated financial results of True North Commercial Real Estate Investment Trust (the "REIT") dated May 8, 2015, for the three months ended March 31, 2015 should be read in conjunction with the REIT's annual audited consolidated financial statements for the year ended December 31, 2014 and the condensed consolidated interim financial statements for the three months ended March 31, 2015 and 2014 and accompanying notes thereto. These documents are available on SEDAR at www.sedar.com.

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in this MD&A constitute forward-looking information within the meaning of Canadian securities laws. Forward-looking statements are provided for the purposes of assisting the reader in understanding the REIT's financial performance, financial position and cash flows as at and for the periods ended on certain dates and to present information about management's current expectations and plans relating to the future and readers are cautioned such statements may not be appropriate for other purposes. Forward-looking information may relate to future results, performance, achievements, events, prospects or opportunities for the REIT or the real estate industry and may include statements regarding the financial position, business strategy, budgets, projected costs, capital expenditures, financial results, taxes, plans and objectives of or involving the REIT. In some cases, forward-looking information can be identified by such terms as "may", "might", "will", "could", "should", "would", "expect", "plan", "anticipate", "believe", "intend", "seek", "aim", "estimate", "target", "goal", "project", "predict", "forecast", "potential", "continue", "likely", or the negative thereof or other similar expressions concerning matters that are not historical facts.

Forward-looking statements involve known and unknown risks and uncertainties, which may be general or specific and which give rise to the possibility that expectations, forecasts, predictions, projections or conclusions will not prove to be accurate, assumptions may not be correct and objectives, strategic goals and priorities will not be achieved. A variety of factors, many of which are beyond the REIT's control, affect the operations, performance and results of the REIT and its business, and could cause actual results to differ materially from current expectations of estimated or anticipated events or results. These factors include, but are not limited to, risks related to the trust units of the REIT ("Units") and risks related to the REIT and its business. See "Risks and Uncertainties". The reader is cautioned to consider these and other factors, uncertainties and potential events carefully and not to put undue reliance on forward-looking statements as there can be no assurance actual results will be consistent with such forward-looking statements.

Information contained in forward-looking statements is based upon certain material assumptions that were applied in drawing a conclusion or making a forecast or projection, including management's perceptions of historical trends, current conditions and expected future developments, as well as other considerations believed to be appropriate in the circumstances, including the following: the Canadian economy will remain stable over the next 12 months; inflation will remain relatively low; interest rates will remain stable; conditions within the real estate market, including competition for acquisitions, will be consistent with the current climate; the Canadian capital markets will provide the REIT with access to equity and/or debt at reasonable rates when required; Starlight Investments Ltd. ("Starlight") will continue its involvement as asset manager of the REIT in accordance with its current asset management agreement; and the risks referenced above, collectively, will not have a material impact on the REIT. While management considers these assumptions to be reasonable based on currently available information, they may prove to be incorrect.

The forward-looking statements made in this MD&A relate only to events or information as of the date on which the statements are made in this MD&A. Except as specifically required by applicable Canadian law, the REIT undertakes no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, after the date on which the statements are made or to reflect the occurrence of unanticipated events.

NON-IFRS FINANCIAL MEASURES

Certain terms used in this MD&A such as Funds from Operations (“FFO”), Adjusted Funds from Operations (“AFFO”), Adjusted Funds from Operations Normalized (“AFFO Normalized”), Net Operating Income (“NOI”), indebtedness (“Indebtedness”), gross book value (“GBV”), Indebtedness to GBV Ratio and adjusted cash provided by operating activities are not measures defined under International Financial Reporting Standards (“IFRS”) as prescribed by the International Accounting Standards Board, do not have standardized meanings prescribed by IFRS and should not be compared to or construed as alternatives to profit/loss, cash flow from operating activities or other measures of financial performance calculated in accordance with IFRS. FFO, AFFO, AFFO Normalized, NOI, Indebtedness, GBV, Indebtedness to GBV Ratio, and adjusted cash provided by operating activities as computed by the REIT may not be comparable to similar measures presented by other issuers.

FFO is a measure of operating performance based on the funds generated from the business of the REIT before reinvestment or provision for other capital needs. The REIT calculates FFO in accordance with the guidelines set out by the Real Property Association of Canada. Management considers this non-IFRS measure to be an important measure of the REIT’s operating performance.

AFFO is an important performance measure to determine the sustainability of future distributions paid to holders of Units (“Unitholders”). AFFO is calculated as FFO subject to certain adjustments, including: (a) amortization of fair value mark-to-market adjustments on mortgages acquired, amortization of deferred financing costs, amortization of tenant inducements, straight line rent, instalment note receipts and compensation expense related to Unit-based incentive plans; and (b) a deduction of a reserve for capital expenditures, tenant inducements and leasing costs. Other adjustments may be made to AFFO as determined by the trustees of the REIT (“Trustees”) in their discretion.

AFFO Normalized is also an important performance measure, defined as AFFO adjusted for non-recurring items and other items as determined by the Trustees. AFFO and AFFO Normalized should not be interpreted as an indicator of cash generated from operating activities as neither considers changes in working capital. Management considers AFFO and AFFO Normalized to be important measures of the REIT’s operating performance.

NOI is defined by the REIT as rental revenue from property operations less property operating costs and property taxes. NOI is presented in this MD&A because management considers this non-IFRS measure to be a valuable measure for evaluating the operating performance of the REIT’s properties.

Indebtedness is defined in the REIT’s second amended and restated declaration of trust (“DOT”) made as of May 22, 2014, and is a measure of the amount of leverage utilized by the REIT. GBV is defined in the DOT and is a measure of the value of the REIT’s assets. The Indebtedness to GBV Ratio is a compliance measure in the DOT and establishes the limit of financial leverage for the REIT. The Indebtedness to GBV Ratio is presented in this MD&A as management considers this non-IFRS measure to be an important measure of the REIT’s financial position.

Adjusted cash provided by operating activities measures the amount of cash generated from operating activities including interest expense. Adjusted cash provided by operating activities is presented in this MD&A because management considers this non-IFRS measure to be an important measure of the REIT’s operating performance.

BASIS OF PRESENTATION

The REIT's unaudited condensed consolidated interim financial statements for the three months ended March 31, 2015 and 2014 have been prepared in accordance with International Accounting Standards ("IAS") 34, Interim Financial Reporting. The REIT's presentation currency is the Canadian dollar. Unless otherwise stated, dollar amounts expressed in this MD&A are in thousands of dollars, except for Unit and per Unit information.

Certain time periods used in the MD&A are used interchangeably such as three months ended March 31, 2015 ("Q1-2015"), and three months ended March 31, 2014 ("Q1-2014").

OVERVIEW AND STRATEGY

The REIT is an unincorporated, open-ended real estate investment trust established pursuant to the DOT, and governed by the laws of the Province of Ontario. The registered office of the REIT is 1801 - 3300 Bloor Street West, West Tower, Toronto, Ontario, Canada, M8X 2X2. The Units are listed on the Toronto Stock Exchange ("TSX") under the symbol TNT.UN.

The REIT is focused on acquiring and owning commercial rental properties across Canada and other jurisdictions where it identifies opportunities that are consistent with the REIT's portfolio profile and strategy.

The objectives of the REIT are to:

- generate stable cash distributions on a tax-efficient basis;
- expand the asset base of the REIT and increase its distributable cash flow through acquisitions of additional commercial rental properties across Canada and such other jurisdictions where opportunities exist; and
- enhance the value of the REIT's assets to maximize long-term Unit value through active management of its assets.

The REIT seeks to identify potential acquisitions using investment criteria that focus on the security of cash flow, capital appreciation, increasing value through more efficient management of the acquired assets and growth of AFFO per Unit.

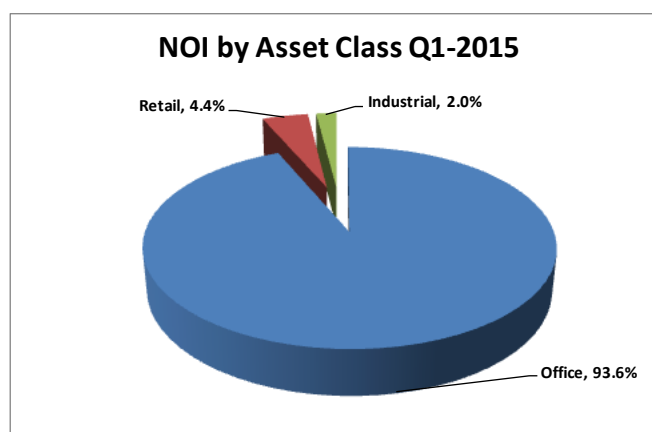

TRUE NORTH COMMERCIAL REIT - MD&A

PORTFOLIO SUMMARY

At March 31, 2015 the REIT's portfolio was comprised of twenty two commercial properties totaling approximately 1,262,000 square feet of gross leasable area. The following table highlights certain information about the REIT's properties as at March 31, 2015:

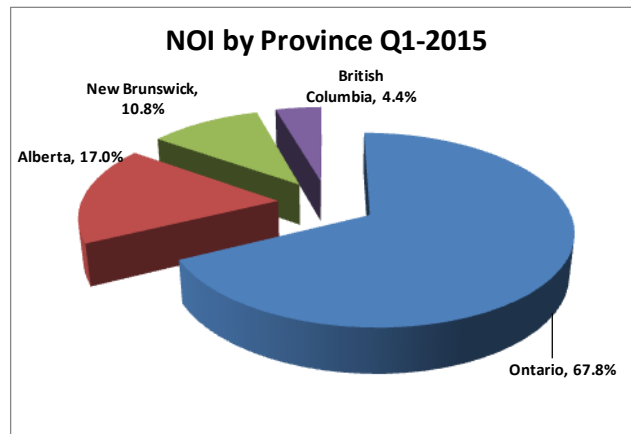

Property Name	City	Type	Occupancy	Average Remaining Lease Term ⁽¹⁾	Square Feet
<i>British Columbia</i>					
Coronation Mall	Duncan	Retail	81.7%	6.2 years	51,600
<i>Alberta</i>					
Century Park	Calgary	Office	97.4%	2.7 years	75,700
St. Albert Trail	Edmonton	Office	100%	4.7 years	96,800
<i>Ontario</i>

COMPOSITION BY ASSET CLASS

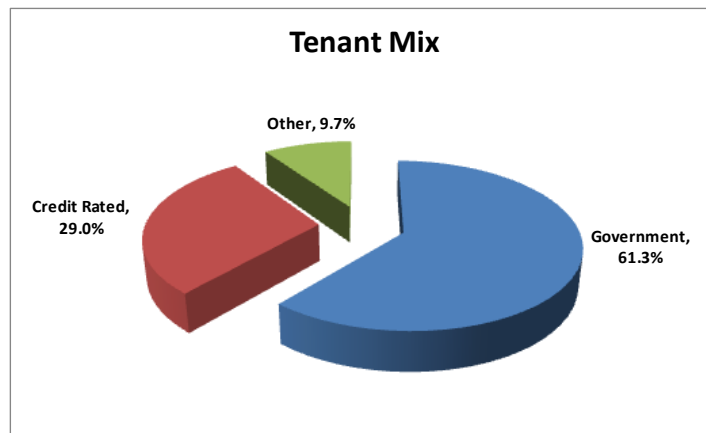

TRUE NORTH COMMERCIAL REIT - MD&A

COMPOSITION BY GEOGRAPHIC REGION

TENANT MIX

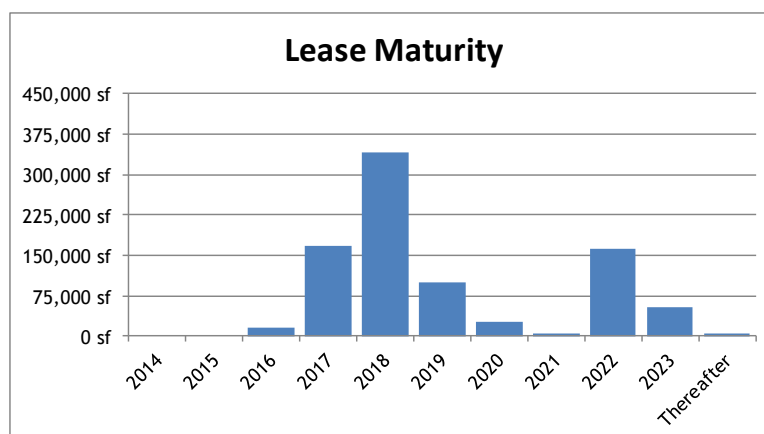

The percentage of revenue generated from tenants that are government institutions, credit-rated or other is as follows:

The tenant mix is based on expected annualized 2015 gross revenue.

LEASE ROLLOVER PROFILE

As at March 31, 2015 the lease rollover profile of the REIT is as follows:

Lease maturity is based on square footage of the REIT's leases.

Q1 2015 HIGHLIGHTS

- Increased revenue \$3,258 or 58% to \$8,890 from Q1-2014
- Increased NOI \$2,200 or 68% to \$5,432 from Q1-2014
- FFO of \$0.16 per Unit for Q1-2015 compared with \$0.14 for Q1-2014
- AFFO and AFFO Normalized of \$0.15 per Unit, resulting in a Q1-2015 AFFO Normalized payout ratio of 96%
- Paid distributions of \$3,019 for Q1-2015
- Indebtedness to GBV Ratio increased slightly from 59.22% at December 31, 2014 to 59.66% at March 31, 2015
- Maintained portfolio occupancy of 98.5% at March 31, 2015
- Government and credit-rated tenants represented 90.3% of revenue at Q1-2015

ACQUISITIONS

The REIT acquired Prospect Street on March 25, 2015 for an aggregate purchase price of \$5,900 plus closing costs. The purchase price was satisfied by a new five year mortgage of \$4,130 at a fixed interest rate of 2.69% and the remainder funded through the REIT's credit facilities. Prospect Street is a stand-alone, four-storey office building with a total of approximately 39,000 rentable square feet, and is 100% occupied by Stantec Inc., a credit rated tenant under a lease expiring in 2022.

OTHER INITIATIVES

On January 8, 2015, the REIT granted 495,000 Unit options at an exercise price of \$6.15 per Unit option, expiring on January 8, 2020. These Unit options vest equally over a three-year period beginning one year from the date of grant.

On January 15, 2015, the REIT's credit facilities were renewed at better rates for a further two years, maturing on February 12, 2017.

The REIT successfully early renewed a 35,000 square foot lease at its King George Highway property in Miramichi that was due to expire in February 2017 for an additional 5 year term increasing the average remaining lease term at this property from 2.6 years to 5.6 years.

The REIT's portfolio has a stable lease expiry profile and significant progress has been made with 100% of 2015 and 93% of 2016 expiries already renewed.

TRUE NORTH COMMERCIAL REIT - MD&A

FINANCIAL AND OPERATIONAL HIGHLIGHTS

	Three months ending March 31	
	2015	2014
Revenue	\$8,890	\$5,632
NOI	\$5,432	\$3,232
Income and comprehensive income	\$3,003	\$5,194
FFO	\$3,152	\$1,750
FFO per Unit - basic ⁽¹⁾	\$0.16	\$0.14
FFO per Unit - diluted ⁽¹⁾	\$0.15	\$0.13
AFFO	\$3,115	\$1,652
AFFO per Unit - basic ⁽¹⁾	\$0.15	\$0.13
AFFO per Unit - diluted ⁽¹⁾	\$0.15	\$0.13
AFFO payout ratio - basic	97%	109%
AFFO - Normalized ⁽²⁾	\$3,131	\$1,914
AFFO Normalized per Unit - basic ⁽¹⁾	\$0.15	\$0.16
AFFO Normalized per Unit - diluted ⁽¹⁾	\$0.15	\$0.15
AFFO Normalized payout ratio - basic	96%	94%
Units outstanding for FFO, AFFO and AFFO Normalized per Unit:		
Weighted average (000s) - basic ⁽¹⁾	20,331	12,341
Add: Unexercised unit options and warrants	1,115	725
Weighted average (000s) - diluted ⁽¹⁾	21,446	13,066
Notes:		
(1) For purposes of calculating FFO and AFFO per Unit, Class B LP Units are included as Units outstanding on both a basic and diluted basis. Diluted amounts assume the conversion of any unexercised Unit Options.		
(2) AFFO Normalized is adjusted for non-recurring items such as due diligence acquisition costs related to property acquisitions the REIT is no longer pursuing and rental income recognized as purchase price adjustments under IFRS. See "FFO and AFFO Reconciliations".		

The REIT significantly increased its portfolio from seven to twenty one properties during the latter half of 2014 resulting in increased revenue, NOI, FFO and AFFO for Q1-2015. Q1-2015 revenue increased \$3,258 or 58% compared to Q1-2014. NOI increased \$2,200 or 68% compared to Q1-2014. FFO increased \$1,402 or 80% compared to Q1-2014. AFFO increased \$1,463 or 89% compared to Q1-2014. Q1-2015 AFFO Normalized payout ratio increased slightly to 96% compared to Q1-2014 and Q4-2014. The REIT's AFFO Normalized payout ratio has increased slightly when compared to Q4-2014 due to increased general and administrative expenses incurred in Q1-2015 for annual compliance and regulatory matters. In addition, certain operating costs such as snow removal and utilities are seasonal in nature and as such are higher in the winter months.

The increase in NOI is a result of the acquisitions completed in 2014 offset by a decrease in same property NOI of \$45. Increased vacancy at Coronation Mall was offset by improved operating results from the remaining same store properties. Certain same store properties benefited from decreased operating costs in Q1-2015 due to capital work and upgrades completed in 2014.

TRUE NORTH COMMERCIAL REIT - MD&A

QUARTERLY INFORMATION

The following table provides select information pertaining to the REIT's operations for the periods noted therein.

	Q1-15 ⁽¹⁾	Q4-14 ⁽²⁾	Q3-14 ⁽³⁾	Q2-14	Q1-14	Q4-13 ⁽⁴⁾	Q3-13	Q2-13

AFFO Normalized per Unit - basic	\$ 0.15	\$ 0.16	\$ 0.15	\$ 0.16	\$ 0.16	\$ 0.15	\$ 0.16	\$ 0.15
AFFO Normalized payout ratio - basic	96%	95%	98%	95%	94%	99%	91%	97%
Notes:								
(1) The REIT acquired one property during Q1-2015.								
(2) The REIT acquired eleven properties during Q4-2014.								
(3) The REIT acquired three properties during Q3-2014.								
(4) The REIT acquired one property during Q4-2013.								

Revenue increased in Q1-2015 by \$2,090 or 31% from Q4-2014. NOI increased in Q1-2015 by \$1,318 or 32% compared to Q4-2014. Full operational benefit from the December 2014 acquisitions has been reflected in Q1-2015 resulting in increased revenue and NOI.

	March 31 2015	December 31 2014
GBV	\$327,174	\$319,618
Indebtedness	\$195,201	\$189,264
Indebtedness to GBV	59.66%	59.22%
Weighted average mortgage fixed interest rate ⁽¹⁾	3.42%	3.44%
Weighted average mortgage term to maturity	4.09 years	4.32 years
Notes:		
(1) After giving effect to instalment note receipts, see "Instalment Notes Receivable".		
For definitions on the above terms, see section "Non-IFRS Financial Measures" on page 3.		

The REIT's Indebtedness to GBV Ratio as at March 31, 2015 increased to 59.66% from 59.22% as at December 31, 2014 due to the acquisition of the Prospect Street property.

TRUE NORTH COMMERCIAL REIT - MD&A

ANALYSIS OF FINANCIAL PERFORMANCE

The REIT's financial performance and results of operations for the three months ended March 31, 2015 and 2014 are summarized below.

	Three months ending March 31	
	2015	2014
Revenue	\$ 8,890	\$ 5,632
Expenses:		
Property operating costs	2,018	1,384
Realty taxes	1,440	1,016
	3,458	2,400
NOI	\$ 5,432	\$ 3,232
General and administration expenses	(505)	(518)
Finance costs	(2,656)	(1,393)
Distributions on Class B LP Units	(508)	(384)
Fair value adjustment of Class B LP Units	171	388
Fair value adjustment of investment properties	1,069	3,869
Income and comprehensive income	\$ 3,003	\$ 5,194

PROPERTY OPERATIONS

Revenue includes all income earned from the REIT's properties, including rental income and all other miscellaneous income paid by the tenants under the terms of their existing leases, such as base rent, parking, operating costs and realty tax recoveries, as well as adjustments for the straight-lining of rents.

The REIT accounts for rent step-ups and free rent periods by straight-lining the incremental increases and free rent periods over the entire non-cancelable lease term. In Q1-2015, straight-line rent adjustments of \$18 were recognized compared to \$65 in Q1-2014.

Q1-2015 revenue increased \$3,258 or 58% compared to Q1-2014 results. Property acquisitions completed in the latter half of 2014 account for the majority of the increase. Revenue from same store properties decreased \$191 quarter over quarter due to a reduction in recovery revenue which is a function of lower operating and realty tax expenses at certain of the REIT's properties.

Property operating costs include costs relating to building maintenance, heating, ventilation and air-conditioning, elevator, insurance, utilities, management fees and other operational costs. Q1-2015 operating costs increased \$634 or 46% compared to Q1-2014 results. Property acquisitions completed in the latter half of 2014 account for the majority of the increase in quarterly operating costs offset by a decrease in operating costs incurred by the same store properties.

Realty taxes increased \$424 or 42% compared to Q1-2014. This is due to the addition of fourteen properties acquired in the latter half of 2014.

Occupancy for the property portfolio decreased from 99.5% at Q1-2014 to 98.5% at Q1-2015 due to a vacancy at one of the properties acquired in December, 2014 as well as a decrease in occupancy at Coronation Mall.

TRUE NORTH COMMERCIAL REIT - MD&A

SAME STORE PROPERTY ANALYSIS

Same property operations analysis highlights differences due to changes in occupancy, rental rates and fluctuations in property expenses.

	Three months ending March 31	
	2015	2014
Revenue	\$ 5,441	\$ 5,632
Expenses:		
Property operating	1,268	1,381
Realty taxes	983	1,016
	2,251	2,397
NOI	\$ 3,190	\$ 3,235

Revenue decreased \$191 from Q1-2014 to Q1-2015 due to the decrease in amount of expenses recoverable from tenants as well as a decrease in occupancy. Property operating costs decreased \$113 from Q1-2014 to Q1-2015 due to lower repairs and maintenance expenses incurred at certain of the REIT's properties.

NOI decreased \$45 from Q1-2014 mainly due to a decrease in occupancy from 96.9% at the end of Q1-2014 to 81.7% at the end of Q1-2015 for Coronation Mall. Approximately 9,400 square feet remains vacant at this property.

GENERAL AND ADMINISTRATION EXPENSES

General and administration expenses include items such as legal and audit fees, trustee fees, investor relations expenses, trustees' and officers' insurance premiums, costs associated with the REIT's unit option plan and other general and administrative expenses associated with the operation of the REIT. Also included in general and administration expenses are asset management fees payable to Starlight. See "Related Party Transactions and Arrangements - Arrangements with Starlight".

General and administration expenses in Q1-2015 were \$505 compared to \$518 in Q1-2014. Due diligence costs of \$175 relating to acquisitions the REIT is no longer pursuing were incurred in Q1-2014 compared to \$nil in Q1-2015. This decrease was offset by an increase in asset management fees quarter over quarter of \$105 due to the increased number of properties owned by the REIT and an increase in audit and tax fees of \$73 due to annual compliance matters on a significantly larger property portfolio. Other expenses remained stable quarter over quarter.

TRUE NORTH COMMERCIAL REIT - MD&A

FINANCE COSTS

The REIT's finance costs for the three months ended March 31, 2015 and 2014 are summarized below. Finance costs exclude both distributions and fair value adjustments on the class B limited partnership units of True North Commercial Limited Partnership ("Class B LP Unit").

	Three months ending March 31	
	2015	2014
Interest on mortgages payable	\$ 1,692	947
Other interest expense and standby fees	45	18
Amortization of mortgage discount	(33)	-
Amortization of financing costs	113	47
	1,817	1,012
Unrealized loss on change in fair value of derivative instruments	839	381
Total finance costs	\$ 2,656	\$ 1,393

Interest on mortgages payable of \$1,692 in Q1-2015 increased \$745 compared to Q1-2014, due to additional mortgage financing obtained in connection with the acquisition of the fourteen properties completed in the latter half of 2014 and the one property acquired in Q1-2015.

Other interest expense and standby fees relate to costs incurred on the REIT's credit facilities. The quarterly increase is a function of the amount borrowed on the REIT's credit facilities. See "Credit Facilities".

In addition to its interest rate swap agreement on Laurier Avenue, the REIT entered into an additional interest rate swap agreement for Prospect Street on March 25, 2015 resulting in a mortgage that has an effective annual fixed interest rate of 2.69%. These derivative instruments are measured at fair value at each reporting date and changes in the fair value are recognized as an unrealized gain or loss.

DISTRIBUTIONS ON CLASS B LP UNITS

The REIT currently pays monthly distributions of \$0.0495 per Class B LP Unit or \$0.594 per Class B LP Unit on an annualized basis. Distributions declared were \$508 for Q1-2015 compared to \$384 for Q1-2014. Increase in distributions quarter over quarter is a result of 833,333 Class B LP Units issued at the end of Q4-2014 in connection with the acquisition of eleven properties.

FAIR VALUE ADJUSTMENT OF CLASS B LP UNITS

The fair value change in Class B LP Units represents the change in the trading price of the Units (given the Class B LP Units have economic and voting rights equivalent, in all material aspects, to the Units). Any resulting change in the fair value of the Class B LP Units is reported in the period such change occurs. The fair value adjustment of \$171 for Q1-2015 is due to a decrease in the trading price of the Units from \$6.00 at December 31, 2014 to \$5.95 at March 31, 2015.

TRUE NORTH COMMERCIAL REIT - MD&A

FAIR VALUE ADJUSTMENT OF INVESTMENT PROPERTIES

The REIT has selected the fair value method to account for real estate classified as investment property and records properties at their purchase price (less any purchase price adjustments) in the quarter of acquisition. Any changes in the fair value of investment properties are recognized as fair value gains and losses in the statement of income and comprehensive income in the quarter in which they occur.

The REIT calculates fair value using both the discounted cash flow method and direct capitalization method which are generally accepted appraisal methodologies. Fair value is based on, among other things, assumptions of future cash flows in respect of current and future leases, capitalization rates, terminal capitalization rates, discount rates, market rents, tenant inducements and leasing cost assumptions and expected lease rollovers. Fair values are supported by a combination of internal financial information, market data and external independent valuations.

The fair value gain of \$1,069 for Q1-2015 is attributable to changes in market rent assumptions and changes in lease renewal probabilities of certain properties owned by the REIT offset by the write off of \$177 in acquisition costs related to Prospect Street acquisition.

The key valuation assumptions for the REIT's investment properties as at March 31, 2015 and 2014 are as follows:

	March 31 2015	March 31 2014
Terminal and direct capitalization rates - range	6.00% - 11.50%	6.34% - 11.60%
Terminal and direct capitalization rate - weighted average	7.14%	6.98%
Discount rates - range	7.00% - 12.00%	7.15% - 10.50%
Discount rate - weighted average	7.78%	7.47%

TRUE NORTH COMMERCIAL REIT - MD&A

FFO AND AFFO RECONCILIATIONS

FFO

The REIT calculates FFO in accordance with the guidelines set out by the Real Property Association of Canada. Reconciliation of income and comprehensive income, determined in accordance with IFRS, to FFO is as follows:

	Three months ending March 31	
	2015	2014
Income and comprehensive income	\$ 3,003	\$ 5,194
Add / (deduct):		
Revaluation of unit options and warrants	32	48
Fair value adjustment of investment properties	(1,069)	(3,869)
Fair value adjustment of Class B LP Units	(171)	(388)
Distributions on Class B LP Units	508	384
Unrealized loss on change in fair value of derivative instruments	839	381
Amortization of leasing commissions	2	-
Tenant inducements amortized to revenue	8	-
FFO	\$ 3,152	\$ 1,750
FFO per Unit - basic ⁽¹⁾	\$0.16	\$0.14
FFO per Unit - diluted ⁽¹⁾	\$0.15	\$0.13
Weighted average Units outstanding:		
Basic - (000s) ⁽¹⁾	20,331	12,341
Add:		
Unexercised Unit Options and Warrants	1,115	725
Diluted - (000s) ⁽¹⁾	21,446	13,066
Notes:		
(1) For purposes of calculating FFO per Unit, Class B LP Units are included as Units outstanding on both a basic and diluted basis. Diluted amounts also assume the conversion of any unexercised Unit Options.		

FFO increased \$1,402 or 80% compared to Q1-2014. FFO per Unit increased to \$0.16 compared to \$0.14 in Q1-2014. The increase in quarterly FFO and FFO per Unit is due to full operational benefit from the acquisitions completed in Q4-2014.

TRUE NORTH COMMERCIAL REIT - MD&A

AFFO AND AFFO - NORMALIZED

Reconciliation of FFO to AFFO and AFFO Normalized is as follows:

	Three months ending	
	March 31	
	2015	2014
FFO	\$ 3,152	\$ 1,750
Add / (deduct):		
Non-cash compensation expense	29	24
Amortization of deferred financing costs	113	47
Amortization of mark to market mortgage adjustments	(33)	-
Instalment note receipts	90	-
Straight-line rent	(18)	(65)
Capital reserve ⁽¹⁾	(218)	(104)
AFFO	\$ 3,115	\$ 1,652
AFFO per Unit - basic ⁽²⁾	\$0.15	\$0.13
AFFO per Unit - diluted ⁽²⁾	\$0.15	\$0.13
Distributions declared	\$ 3,019	\$ 1,834
AFFO payout ratio - basic	97%	109%
AFFO	\$ 3,115	\$ 1,652
Add / (Deduct):		
Due diligence acquisition costs	-	175
Rental income related to purchase price adjustments	16	87
AFFO - Normalized	\$ 3,131	\$ 1,914
AFFO Normalized per Unit - basic ⁽²⁾	\$0.15	\$0.16
AFFO Normalized per Unit - diluted ⁽²⁾	\$0.15	\$0.15
AFFO Normalized payout ratio - basic	96%	94%
Notes:		
(1) Based on an estimate of \$0.72 (2014 - \$0.60) per square foot per annum and represents a reserve for capital expenditures, tenant inducements and leasing costs.		
(2) For purposes of calculating AFFO per Unit, Class B LP Units are included as Units outstanding on both a basic and diluted basis. Diluted amounts assume the conversion of any unexercised unit options.		

The REIT has experienced strong growth in revenue, NOI, FFO and AFFO during Q1-2015 which is primarily attributable to the fourteen properties acquired in the latter half of 2014. The REIT's AFFO Normalized payout ratio has increased slightly when compared to Q1-2014 as certain operating costs such as snow removal and utilities are seasonal in nature and as such are higher in the winter months.

AFFO Normalized increased \$1,217 or 64% compared to Q1-2014, and reflects the add back of the following adjustments to AFFO:

- Rental income recognized as purchase price adjustments under IFRS upon acquisition of \$16 in Q1-2015 and \$87 in Q1-2014. The rental income relates to rent free periods for various tenants for which the REIT received funds as part of the acquisition;
- Due diligence acquisition costs of \$nil for Q1-2015 and \$175 for Q1-2014, relate to potential property acquisitions the REIT is no longer pursuing.

TRUE NORTH COMMERCIAL REIT - MD&A

Adjusted cash flow provided by operating activities represents cash provided by operating activities less interest paid. The reconciliation of AFFO to adjusted cash flow provided by operating activities measures the amount available for distribution to Unitholders. See “Distributions”.

The following is a reconciliation of adjusted cash provided by operating activities to AFFO for the three months ended March 31, 2015 and 2014:

	Three months ending March 31	
	2015	2014
Adjusted cash flow provided by operating activities	2,564	1,937
Non-cash compensation expense	4	3
Change in finance costs payable	(77)	(2)
Instalment note receipts	90	-
Capital reserve ⁽¹⁾	(218)	(104)
Change in non-cash operating working capital ⁽²⁾	752	(182)
AFFO	3,115	1,652
Notes:		
(1) Based on an estimate of \$0.72 (2014 - \$0.60) per square foot per annum and represents a reserve for capital expenditures, tenant inducements and leasing costs.		
(2) Represents the change in deposits, tenant and other receivables, prepaid expenses and other assets, tenant rental deposits and prepayments and accounts payable and accrued liabilities.		

AFFO of \$3,115 exceeded distributions declared of \$3,019 by \$96 and distributions paid by \$489 for Q1-2015.

DISTRIBUTIONS

The REIT currently pays monthly distributions of \$0.0495 per Unit or \$0.594 per Unit on an annualized basis.

The Trustees of the REIT determine the level of cash distributions based on the level of cash flow from operations before working capital changes, less actual and planned capital expenditures. In any given period, distributions may differ from cash provided by operating activities, primarily due to fluctuations in working capital. It is expected that normal fluctuations in working capital will be funded from the REIT’s cash resources as described in “Liquidity and Capital Resources”. In addition, the distributions declared include a component funded by the distribution reinvestment plan (“DRIP”).

The following table shows the amount of distribution declared, non cash distributions under the DRIP and cash distributions paid by the REIT.

	Three months ended		Year ended	
	March 31	December 31	December 31	December 31
	2015	2014	2014	2013
Distributions declared	\$ 3,019	\$ 8,251	\$ 6,506	\$ 6,506
Less: DRIP	(393)	(1,520)	(1,408)	(1,408)
Cash distributions paid	\$ 2,626	\$ 6,731	\$ 5,098	\$ 5,098

TRUE NORTH COMMERCIAL REIT - MD&A

The following table provides a reconciliation of the REIT's cash flow and adjusted cash flow provided by operating activities to its declared and cash distributions:

	Three months ended March 31 2015	Year ended December 31 2014	Year ended December 31 2013
Income and comprehensive income	\$ 3,003	\$ 12,981	\$ 13,340
Cash flow provided by operating activities	4,224	11,956	8,757
Less: Interest paid	(1,660)	(4,072)	(2,860)
Adjusted cash flow provided by operating activities	2,564	7,884	5,897
<i>Declared basis:</i>			
Excess (shortfall) of income and comprehensive income over distributions	(16)	4,730	6,834
Excess (shortfall) of adjusted cash flow from operating activities over distributions	(455)	(367)	(609)
<i>Cash basis:</i>			
Excess of income and comprehensive income over cash distributions	377	6,250	8,242
Excess (shortfall) of adjusted cash flow from operating activities over cash distributions	(62)	1,153	799

The REIT had a shortfall of adjusted cash flow provided by operating activities for the three months ended March 31, 2015 on a declared basis of \$455 and a minor shortfall of \$62 on a cash basis due to significant capital expenditures incurred in 2014 and paid in Q1-2015. The REIT has not been required to fund distributions from alternate sources such as debt, mortgages and other financing instruments.

TRUE NORTH COMMERCIAL REIT - MD&A

ANALYSIS OF FINANCIAL POSITION

INVESTMENT PROPERTIES

The following table summarizes changes in the REIT's investment properties for the three months ended March 31, 2015 and 2014:

	Investment Properties	Properties Under Development	Total
Balance at December 31, 2013	\$ 179,626	\$ 45	\$ 179,671
Additions	1,175	87	1,262
Amortization of leasing costs, tenant inducements and straight-line rents	65	-	65
Fair value adjustment	3,869	-	3,869
Balance at March 31, 2014	184,735	132	184,867
Acquisitions	120,372	-	120,372
Additions	1,978	1,105	3,083
Reclassification of properties under development	1,237	(1,237)	-
Amortization of leasing costs, tenant inducements and straight-line rents	184	-	184
Fair value adjustment	2,974	-	2,974
Balance at December 31, 2014	311,480	-	311,480
Acquisitions	6,077	-	6,077
Additions	361	-	361
Amortization of leasing costs, tenant inducements and straight-line rents	8	-	8
Fair value adjustment	1,069	-	1,069
Balance at March 31, 2015	\$ 318,995	\$ -	\$ 318,995

ACQUISITIONS:

On March 25, 2015, the REIT acquired Prospect Street for an aggregate purchase price of \$5,900 plus closing costs. The acquisition was funded from the proceeds of new mortgage financing of \$4,130 and the remainder through the REIT's credit facilities. The acquisition has been accounted for as an asset acquisition.

ADDITIONS:

Additions to investment properties for the three months ended March 31, 2015 were \$361 consisting of the following:

- Capital expenditures of \$339 of which \$282 relates to building enhancements and leasehold improvements at the Laurier Property; and
- Tenant inducements and leasing costs of \$22 which include costs incurred to improve space that primarily benefit the tenant.

TRUE NORTH COMMERCIAL REIT - MD&A

INSTALMENT NOTES RECEIVABLE

In connection with the acquisition of certain properties in December 2014, the vendors agreed to deliver non-interest bearing instalment notes of \$2,028 with a present value of \$1,592 pursuant to which such vendors will provide instalment payments to the REIT in order for the REIT to achieve an effective interest rate of 3.3% per annum on certain assumed mortgages. These instalment notes mature on various dates between April 1, 2017 and April 1, 2027, co-terminously with the assumed mortgages.

The following tables summarize the instalment notes receivable and principal receipts for the three months ended March 31, 2015:

Balance, December 31, 2014	\$	1,592
Principal receipts on instalment notes receivable		(73)
Balance, March 31, 2015	\$	1,519

PREPAID EXPENSES AND OTHER ASSETS

At March 31, 2015, the REIT had \$1,159 in prepaid expenses and other assets, compared to \$821 at December 31, 2014. This is primarily due to an increase in prepaid realty taxes.

LIABILITIES

As at March 31, 2015, the overall leverage, as represented by the ratio of Indebtedness to GBV was 59.66% compared to 59.22% at December 31, 2014. The maximum allowable ratio under the DOT is 75%. Below is a calculation of the REIT's Indebtedness to GBV Ratio as at March 31, 2015 and December 31, 2014.

	March 31 2015	December 31 2014
Total assets	\$ 325,475	\$ 317,967
Deferred financing costs	1,699	1,651
GBV	\$ 327,174	\$ 319,618
Mortgages and notes payable	190,155	187,290
Credit facilities (net of unamortized financing costs)	4,530	1,473
Unamortized financing costs and mark to market mortgage adjustments	516	501
Indebtedness	\$ 195,201	\$ 189,264
Indebtedness to GBV	59.66%	59.22%

The REIT's objectives are to maintain a combination of short, medium and long-term debt maturities appropriate for the overall debt level of the REIT, to extend the current weighted average term to maturity and achieve staggered debt maturities while taking into account the availability of financing, market conditions and the financial characteristics of each property. Per the DOT, at no time shall the REIT incur debt aggregating more than 20% of GBV at floating interest rates or having maturities less than one year (excluding debt with an original maturity of one year or more falling due in the next 12 months or variable rate debt for which the REIT has entered into interest rate swap agreements to fix the interest rate for a one year period or more).

Financing costs on mortgages and the REIT's credit facilities are netted against the related debt, and amortized on an effective interest basis over the expected life of the debt.

TRUE NORTH COMMERCIAL REIT - MD&A

As at March 31, 2015, 2.7% (December 31, 2014 - 1%) of the REIT's debt was at floating rates.

MORTGAGES AND NOTES PAYABLE

The following table sets out, as at March 31, 2015, scheduled principal repayments and amounts maturing on the REIT's mortgages and notes over each of the next five fiscal years:

	Scheduled principal payments	Debt maturing during the year	Total mortgages and notes payable	Scheduled interest payments	Percentage of total mortgages payable
2015	\$ 4,072	\$ -	\$ 4,072	\$ 5,088	2.10%
2016	5,665	765	6,430	6,603	3.40%
2017	5,514	21,248	26,762	6,043	14.00%
2018	3,076	85,594	88,670	3,401	46.50%
2019	2,190	20,474	22,664	2,136	11.90%
Thereafter	4,530	37,523	42,053	3,442	22.10%
	\$ 25,047	\$ 165,604	190,651	\$ 26,713	100.00%
Unamortized mark to market mortgage adjustments			668		
Unamortized financing costs			(1,164)		
			\$ 190,155		

The mortgages and notes carry a weighted average fixed interest rate of 3.42% (December 31, 2014 - 3.44%), after giving effect to the instalment notes receipts and a weighted average term to maturity of 4.09 years (December 31, 2014 - 4.32 years).

CREDIT FACILITIES

On January 15, 2015, the REIT renewed its credit agreement with a Canadian chartered bank with respect to its \$5,000 floating rate revolving credit facility. This facility bears interest on cash advances above \$1,000 at 212.5 basis points per annum over the floating banker's acceptance rate or under \$1,000 at 100 basis points over prime rate, matures on February 12, 2017. As at March 31, 2015, \$4,550 (December 31, 2014 - \$1,500) was drawn on the credit facility.

On January 15, 2015, the REIT also renewed its \$10,000 floating rate revolving credit facility. This facility bears interest on cash advances above \$1,500 at 250 basis points per annum over the floating banker's acceptance rate or under \$1,000 at 150 basis points over prime rate, and also matures on February 12, 2017. As at March 31, 2015, nil (December 31, 2014 - nil) was drawn on this credit facility.

Both credit facilities are secured by the King George Highway and Laurier Avenue properties.

CLASS B LP UNITS

The Class B LP Units meet the definition of a financial liability under IAS 32, Financial Instruments - Presentation ("IAS 32") and are classified as fair value through profit or loss financial liabilities under IAS 32. The Class B LP Units are measured at fair value at each reporting period with any changes in fair value recorded in the statement of income and comprehensive income.

The Class B LP Units issued by the Partnership to holders, together with the related special voting units, have economic and voting rights equivalent, in all material aspects, to Units. They are exchangeable at the option of the holder on a one-for-

TRUE NORTH COMMERCIAL REIT - MD&A

one basis (subject to anti-dilution adjustments) for the Units, under the terms of an exchange agreement between True North Commercial General Partner Corp., the REIT and the Partnership.

Each Class B LP Unit entitles the holder to receive distributions from the Partnership equivalent to the distributions such holder would have received if they were holding Units.

As at March 31, 2015 and December 31, 2014 there were 3,422,247 Class B LP Units issued. The Class B LP Units were valued at \$20,362 at Q1-2015 compared to \$20,533 at Q4-2014 due to the decrease in the Unit price from \$6.00 at Q4-2014 to \$5.95 at Q1-2015.

UNITHOLDERS' EQUITY

OUTSTANDING UNITS

The REIT is authorized to issue an unlimited number of Units and an unlimited number of special voting units in the capital of the REIT.

The following table summarizes changes in the Unit capital of the REIT for the three months ended March 31, 2015:

	Units	Amount
Balance, December 31, 2014	16,890,286	101,814
Issuance of Units under distribution reinvestment plan	67,645	393
Issuance of Units under the non-executive trustee unit issuance plan	4,094	25
Units repurchased and cancelled under normal course issuer bid	(37,200)	(223)
Issuance costs	-	(15)
Balance, March 31, 2015	16,924,825	\$ 101,994

The number of Units outstanding as of May 8, 2015 is 16,935,371. In addition, the REIT has 3,422,247 Class B LP Units that are indirectly exchangeable on a one-for-one basis for Units at the option of the holder. See "Class B LP Units".

NORMAL COURSE ISSUER BID ("NCIB")

On December 3, 2014, the REIT renewed the NCIB for a further twelve months. The REIT has the ability to purchase for cancellation up to a maximum of 969,026 of its Units, representing 10% of the REIT's public float of 9,690,264 Units through the facilities of the TSX. During Q1-2015, 37,200 (December 31, 2014 - 52,700) Units had been repurchased under the NCIB at a price ranging from \$5.90 to \$6.13 per Unit.

UNIT OPTIONS

The total number of Units reserved under the REIT's Unit-based compensation plan may not exceed 10% of the Units and Class B LP Units outstanding. Options outstanding at March 31, 2015 consist of the following:

Weighted average exercise price ⁽¹⁾	Unit Options Outstanding	Unit Options exercisable	Expiry Date
\$1.60	131,251	49,999	August 27, 2017
7.48	100,000	66,662	December 14, 2017
7.66	427,500	284,992	February 12, 2018
6.15	495,000	-	January 8, 2020
\$6.31	1,153,751	401,653	
<small>(1) In actual dollars.</small>			

LIQUIDITY AND CAPITAL RESOURCES

LIQUIDITY

Cash flow from operating activities represents the primary source of liquidity to fund distributions, debt service, capital improvements, tenant inducements and leasing costs. The REIT's cash flow from operating activities is dependent upon the occupancy level of its investment properties, the rental rates on its leases, the collectability of rent from its tenants, and other factors. Material changes in these factors may adversely affect the REIT's net cash flow from operating activities and hence its liquidity. A more detailed discussion of these risks can be found under the "Risks and Uncertainties" section in the annual information form of the REIT ("AIF") dated March 11, 2015. Also see "Risks and Uncertainties".

The REIT expects to be able to meet all of its obligations, including distributions to Unitholders, and capital expenditure requirements as they become due and to provide for the future growth of the business. The REIT has a number of financing sources available to fulfill its commitments including: (i) cash flow from operating activities; (ii) mortgage debt secured by investment properties; (iii) credit facilities; and (iv) issuances of debt and equity.

CASH FLOW

The following table details the changes in cash and cash equivalents:

	Three months ended	
	March 31	
	2015	2014
Cash provided by operating activities	\$ 4,224	\$ 2,900
Cash used in investing activities	(6,404)	(1,065)
Cash provided by financing activities	1,391	(2,897)
Increase in cash and cash equivalents	(789)	(1,062)
Cash and cash equivalents, beginning of period	2,186	1,832
Cash and cash equivalents, end of period	\$ 1,397	\$ 770

In Q1-2015, the REIT generated \$4,224 of cash flow from operating activities compared to \$2,900 in Q1-2014. Increased operating income of \$2,234 from the acquisitions acquired during the latter half of 2014 contributed to an increase in cash flow from operating activities which was offset by \$752 due to changes in accounts payable, rental deposits, prepaids and tenant receivables.

Cash used in investing activities in Q1-2015 of \$6,404 relates primarily to the acquisition of Prospect Street during the quarter compared to Q1-2014 of \$1,065 which primarily related to capital additions at Laurier Avenue.

Cash provided by financing activities in Q1-2015 of \$1,391 is comprised of proceeds from new mortgage financing of \$4,058 and credit facilities of \$3,026. These increases were offset by principal mortgage payments, interest payments, and distributions to Unitholders in the period.

CAPITAL RESOURCES

The REIT's portfolio requires ongoing capital expenditures, tenant inducements and leasing expenditures. Leasing expenditures include the cost of tenant allowances, commissions and leasehold improvements incurred in connection with the leasing of vacant space and the renewal or replacement of current tenants. The REIT plans to continue to invest capital in all its properties throughout 2015 and beyond. Expenditures are expected to be funded through cash flow generated by operations and the REIT's credit facilities. For the three months ended March 31, 2015 and 2014, the REIT invested \$361 and \$1,175, respectively, in capital and leasing expenditures.

COMMITMENTS AND CONTINGENCIES

From time to time in the normal course of business, the REIT is involved in litigation and claims in relation to its investment properties. In the opinion of management, none of these, individually or in aggregate, could result in a liability that would have a significant adverse effect on the financial position of the REIT. The REIT has agreed to indemnify, in certain circumstances, the Trustees and officers of the REIT.

The REIT has entered into commitments for building enhancements which at March 31, 2015 and 2014 were \$219 and \$nil, respectively.

RELATED PARTY TRANSACTIONS AND ARRANGEMENTS

Starlight is considered a related party to the REIT as Starlight is controlled by the Chairman of the Board and Chief Executive Officer ("CEO") of the REIT, who is also a significant Unitholder.

ARRANGEMENTS WITH STARLIGHT

Pursuant to the asset management agreement dated December 14, 2012 ("Asset Management Agreement"), Starlight provides advisory, asset management and administrative services to the REIT. The REIT is administered and operated by the CEO and the REIT's Chief Financial Officer ("CFO") and an experienced team of real estate professionals from Starlight.

The Asset Management Agreement has an initial term of ten years from the date of the agreement and is renewable for successive five-year terms, unless and until the Asset Management Agreement is terminated in accordance with its termination provisions.

Starlight is entitled to the following fees pursuant to the Asset Management Agreement:

- (a) Base annual management fee calculated and payable on a monthly basis, equal to 0.35% of the sum of:
 - the historical purchase price of properties owned by the REIT; and
 - the cost of any capital expenditures incurred by the REIT or any of its affiliates in respect of the properties owned by the REIT.

TRUE NORTH COMMERCIAL REIT - MD&A

(b) Acquisition fee equal to:

- 1.0% of the purchase price of a property, on the first \$100,000 of properties announced to be acquired in each fiscal year;
- 0.75% of the purchase price of a property on the next \$100,000 of properties announced to be acquired in each fiscal year; and
- 0.50% of the purchase price on properties announced to be acquired in excess of \$200,000 in each fiscal year.

(c) From and after January 1, 2014, an incentive fee payable by the REIT for each fiscal year equal to 15% of the FFO in excess of the FFO per Unit hurdle rate determined by the Trustees of the REIT by June 30, 2014 for the 2014 fiscal year, with reference to such parameters and information as the Trustees deem prudent, including without limitation, the 2014 business plan of the REIT, and for fiscal years from and after January 1, 2014, an amount equal to the FFO per Unit for fiscal 2014 plus 50% of the increase in the weighted average consumer price index (or other similar metric as determined by the Trustees) of the jurisdictions in which the properties of the REIT are located. For the purpose of this calculation, FFO per Unit means the quotient obtained by dividing: (i) the sum of: (A) the gain on the dispositions of any properties in the fiscal year (calculated as the difference between the total sale price set out in any agreement entered into by the REIT with respect to the disposition of the property or properties and the historical purchase price of such property or properties inclusive of costs incurred), and (B) FFO, by (ii) the total number of issued and outstanding Units and Class B LP Units as at the end of such fiscal year.

(d) Capital expenditures fee equal to 5% of all hard construction costs incurred on each capital project with costs in excess of \$1,000 excluding work done on behalf of tenants or any maintenance capital expenditures.

In addition, the REIT is required to reimburse Starlight for all reasonable and necessary out-of-pocket costs and expenses incurred by Starlight in connection with the performance of the services described in the Asset Management Agreement or such other services which the REIT and Starlight agree in writing are to be provided from time to time by Starlight.

The following table presents the costs incurred for the three months ended March 31, 2015 and 2014:

	Three months ending March 31	
	2015	2014
Asset management fees	\$ 259	\$ 154
Acquisition fees	59	-
Total	\$ 318	\$ 154

Of these amounts, \$90 (December 31, 2014 - \$77) is included in accounts payable and accrued liabilities at March 31, 2015. No incentive fees, capital expenditure fees or out of pocket costs were charged for the three months ended March 31, 2015 and 2014.

RISKS AND UNCERTAINTIES

There are certain risks inherent in an investment in the securities of the REIT and in the activities of the REIT. Risks and uncertainties are disclosed in the REIT's annual MD&A dated March 11, 2015 for the year ended December 31, 2014 and in the AIF of the REIT dated March 11, 2015. The annual MD&A and AIF are available on SEDAR at www.sedar.com. Current and prospective Unitholders of the REIT should carefully consider such risk factors.

Management is not aware of any significant changes in risks and uncertainties since March 11, 2015.

USE OF ESTIMATES

The preparation of the REIT's consolidated financial statements in conformity with IFRS requires management to make estimates and assumptions which affect the application of accounting policies and the reported amounts of assets, liabilities, revenues and expenses. Actual results could differ from those estimates.

In making estimates, management relies on external information and observable conditions where possible, supplemented by internal analysis as required. Those estimates have been applied in a manner consistent with prior periods and there are no known trends, commitments, events or uncertainties management believes will materially affect the methodology or assumptions utilized in making those estimates in its unaudited condensed consolidated interim financial statements.

The estimates used in determining the recorded amount for assets and liabilities in the unaudited condensed consolidated interim financial statements include the following.

INVESTMENT PROPERTIES

The estimates used when determining the fair value of investment property are discount rates, terminal capitalization rates, capitalization rates and future cash flows. The discount, terminal capitalization and capitalization rates applied are reflective of the characteristics, location and market of the investment property. The future cash flows of the investment property are based upon rental income from current leases and assumptions about occupancy rates and market rent from future leases reflecting current conditions, less future cash outflows relating to such current and future leases. Management determines fair value utilizing internal financial information, external market data and capitalization rates provided by independent industry experts and third-party appraisals.

UNIT OPTION PLAN

The estimates used when determining the fair value of the unit option plan are the average expected Unit option holding period, the average expected volatility rate, and the average risk-free interest rate. The average expected Unit option holding period used is estimated as half the life of the respective option agreement applied to that Unit option upon vesting. The average expected volatility rate applied is estimated based on the historical volatility of the Units and that of comparable entities. The average risk-free interest rate is based on zero-coupon Government of Canada bonds with terms consistent with the average expected unit option holding period. Management determines the fair value internally, utilizing the aforementioned inputs, some of which are provided by external market data and some through internal financial information.

TRUE NORTH COMMERCIAL REIT - MD&A

FINANCIAL INSTRUMENTS

Financial instruments are classified as one of the following: (i) Fair value through profit and loss (“FVTPL”), (ii) loans and receivables, (iii) held-to-maturity, (iv) available-for-sale or (v) other liabilities. Financial instruments are recognized initially at fair value. Financial assets and liabilities classified as FVTPL are subsequently measured at fair value with gains and losses recognized in profit and loss. Financial instruments classified as held-to-maturity, loans and receivables or other liabilities are subsequently measured at amortized cost. Available-for-sale financial instruments are subsequently measured at fair value and any unrealized gains and losses are recognized through other comprehensive income and presented in the fair value reserve in equity. The REIT derecognizes a financial asset when the contractual rights to the cash flows from the asset expire.

Financial liabilities are classified as FVTPL when the financial liability is either classified as held-for-trading or designated as FVTPL. A financial liability may be designated as FVTPL upon initial recognition if it forms part of a contract containing one or more embedded derivatives, and IAS 39, Financial Instruments - Recognition and Measurement, permits the entire combined contract (asset or liability) to be designated as FVTPL.

Financial assets and financial liabilities are accounted for based on their classification as described below. Their classification depends on the purpose for which the financial instruments were acquired or issued, their characteristics and the designation of such instruments.

	Classification	Measurement
Financial assets:		
Instalment notes receivable	Loans and receivables	Amortized cost
Deposits	Loans and receivables	Amortized cost
Tenant and other receivables	Loans and receivables	Amortized cost
Restricted cash	Loans and receivables	Amortized cost
Cash and cash equivalents	Loans and receivables	Amortized cost
Financial liabilities:		
Mortgages and notes payable	Other liabilities	Amortized cost
Class B LP Units	FVTPL	Fair value
Credit facilities	Other liabilities	Amortized cost
Tenant rental deposits and prepayments	Other liabilities	Amortized cost
Accounts payable and accrued liabilities	Other liabilities	Amortized cost
Unit Option Plan	FVTPL	Fair value
Derivative instrument	FVTPL	Fair value

The fair values of the REIT’s instalment notes receivable, deposits, tenant and other receivables, restricted cash and cash and cash equivalents, as well as the revolving credit facilities, tenant rental deposits, accounts payable and accrued liabilities, finance costs payable and distributions payable, approximate their recorded values due to their short-term nature at the date of the consolidated statement of financial position.

The fair value of mortgages payable is estimated based on the present value of future payments, discounted at the yield on a Government of Canada bond with the nearest maturity date to the underlying mortgage, plus an estimated credit spread at the reporting date for a comparable mortgage. The estimated fair value of mortgages payable was approximately \$193,900 at March 31, 2015 (December 31, 2014 - \$191,200).

Class B LP Units are carried at fair value and the fair value of the Class B LP Units has been determined with reference to the trading price of the Units.

Unit options granted are carried at fair value which is estimated using the Black Scholes option pricing model.

These fair value estimates may not necessarily be indicative of the amounts that might be paid or received in actual transactions.

SIGNIFICANT ACCOUNTING POLICIES AND CHANGES IN ACCOUNTING POLICIES

A summary of the significant accounting policies are described in Note 2 of the audited consolidated financial statements for the year ended December 31, 2014. Any changes in accounting policies from December 31, 2014 are described in Note 2 to the unaudited condensed consolidated interim financial statements for the three months ended March 31, 2015 and 2014. The preparation of financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingent assets and liabilities at each financial statement date, and revenues and expenses for the periods indicated. Actual results could differ from those estimates.

DISCLOSURE CONTROLS AND PROCEDURES AND INTERNAL CONTROLS OVER FINANCIAL REPORTING

The REIT maintains information systems, procedures and controls to ensure all information disclosed externally is as complete, reliable and timely as possible. Such internal controls over financial reporting are designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the consolidated financial statements for external purposes in accordance with IFRS.

All control systems have inherent limitations, including well-designed and operated systems. No control system can provide complete assurance the objectives of the control system will be met. Furthermore, no evaluation of controls can provide absolute assurance that all control issues, including instances of fraud, if any, will be detected or prevented. These inherent limitations include, without limitation, the possibility management's assumptions and judgments may ultimately prove to be incorrect under varying conditions and circumstances and the impact of isolated errors. As a growing enterprise, management anticipates that the REIT will be continually evolving and enhancing its systems of controls and procedures.

Additionally, controls may be circumvented by the unauthorized acts of individuals, by collusion of two or more people, or by management override. The design of any system of controls is also based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential conditions.

The CEO and CFO of the REIT evaluated the effectiveness of the REIT's disclosure controls and procedures (as defined in National Instrument 52-109 - *Certification of Disclosure in Issuers' Annual and Interim Filings* ("NI 52-109")) and concluded that the design and operation of the REIT's disclosure controls and procedures were effective for the three months ended March 31, 2015.

The CEO and CFO of the REIT evaluated the design and effectiveness of the REIT's internal controls over financial reporting (as defined in NI 52-109) and concluded that the design and effectiveness of internal controls over financial reporting continue to be appropriate and were effective for the three months ended March 31, 2015.

OUTLOOK

Further to the Bank of Canada's ("BOC") rate cut on January 21, 2015, expectations among economists were that a further 25 basis point cut may be forthcoming. On April 15, 2015 the BOC held the overnight at .75% and reduced its Real GDP growth estimates down even further to 2.0% for 2015. During the first quarter of 2015 the Canadian economy was essentially stalled largely due to the impact of lower oil prices, but according to the BOC this is expected to be short lived with Q2 and Q3 of 2015 growth forecasts rebounding to 1.8% and 2.8% respectively.

Market expectations are that interest rates will remain low for the foreseeable future and as such REIT's should continue to benefit as the lower cost of borrowing should have a positive impact on cash flow and investors will continue to seek out higher yielding investments such as REITs. While the REIT does not have any mortgage maturities in the near term, lower interest rates will positively impact future acquisitions as well as the cost of borrowing on the REIT's floating rate credit facilities.

Commercial property capitalization rates have remained stable for the past several quarters with a slight bias in recent months toward capitalization rate compression in certain markets. Management anticipates that despite the impact of the decline in oil prices and its impact on certain markets overall real estate fundamentals will remain stable throughout the remainder of 2015.

Management remains focused on improving revenue and NOI through active portfolio management, maintaining strong tenant relationships and utilizing leasing optimization tactics. Management is also focused on further diversifying the geographic concentration of the portfolio through accretive acquisitions. Management believes the geographic diversification of the property portfolio will serve to add stability to the REIT's cash flow as it reduces the REIT's vulnerability to economic fluctuations affecting any particular region in Canada.

Additional information relating to the REIT including the REIT's annual information form, can be found on SEDAR at www.sedar.com.
